**IT TECHNOLOGY
SOLUTIONS**

Supply. Install. Support.

Who We Are

Hard Disk is a Riyadh-based technology solutions company serving education institutions, government entities, and businesses across the Kingdom of Saudi Arabia.

Hard Disk is built on 17 years of technology project experience dating back to 2008 — making us one of the most experienced teams in the Kingdom for IT supply, integration, and deployment.

Trusted partner of ViewSonic in Saudi Arabia, and an integrated supply and implementation partner for more than 21 leading global technology brands.

From a single smart classroom to a full-campus transformation, from one office to a national multi-branch rollout — Hard Disk delivers every technology layer your organization needs, under one roof.

Brand Partners

21+ Leading Global Technology Brands

Mission, Vision

Our Mission

We help organizations across Saudi Arabia operate more efficiently by providing high-quality technology hardware, integrated solutions, and reliable technical support — from procurement to post-installation.

Our Vision

To be the most trusted technology solutions partner for education and enterprise in Saudi Arabia — combining deep sector expertise with honest advice, quality brands, and end-to-end delivery.

Our Values

Quality

We supply only trusted, enterprise-grade products from globally recognized brands.

Innovation

We bring forward-thinking technology solutions including smart classrooms, VR, robotics to Saudi companies.

Transparency

Honest advice, clear pricing, and straightforward communication — always.

Commitment

We see every project through from consultation to post-delivery support. One partner. Full accountability.

Our Solutions

Hard Disk provides a complete range of technology solutions — every service your organization needs, from one trusted partner.

Interactive Displays & Accessories

High-performance interactive flat panel displays for classrooms, meeting rooms, and training centers. ViewSonic Trusted Partner.

Smart Classroom Solutions

Complete smart learning environments for schools and universities — displays, computer labs, campus networks, CCTV, and VR innovation tools, fully supplied and installed.

Network Infrastructure

Structured cabling, switches, routers, Wi-Fi access points, and server rooms - reliable networks for schools, offices, hospitals, and multi-branch organizations. Cisco · Huawei · Fortinet.

Our Solutions

Building on our comprehensive offerings, Hard Disk continues to deliver essential technology infrastructure for diverse organizational needs.

CCTV & Security Systems

Indoor and outdoor IP cameras, NVR/DVR recording, remote monitoring, and full installation for campuses, offices, warehouses, and retail branches. Hikvision.

Servers & Storage Systems

Enterprise-grade rack servers, workstations, NAS storage, and backup solutions — designed for data integrity, business continuity, and compliance. Dell · HP · Synology · Veeam.

Computers & Laptops

Bulk supply of desktops, laptops, workstations, and accessories — fully configured and ready to deploy for offices, labs, and institutions. Dell · HP · Lenovo · ASUS.

Our Solutions

Digital Signage

Dynamic display solutions for schools, retail, hotels, restaurants, and corporate spaces, indoor and outdoor, from single screens to multi-display networks.

VR & Educational Robotics

Future-ready innovation tools for STEM classrooms and university programs — VR headsets, coding robots, and social learning tools. DPVR · Sphero · Fable.

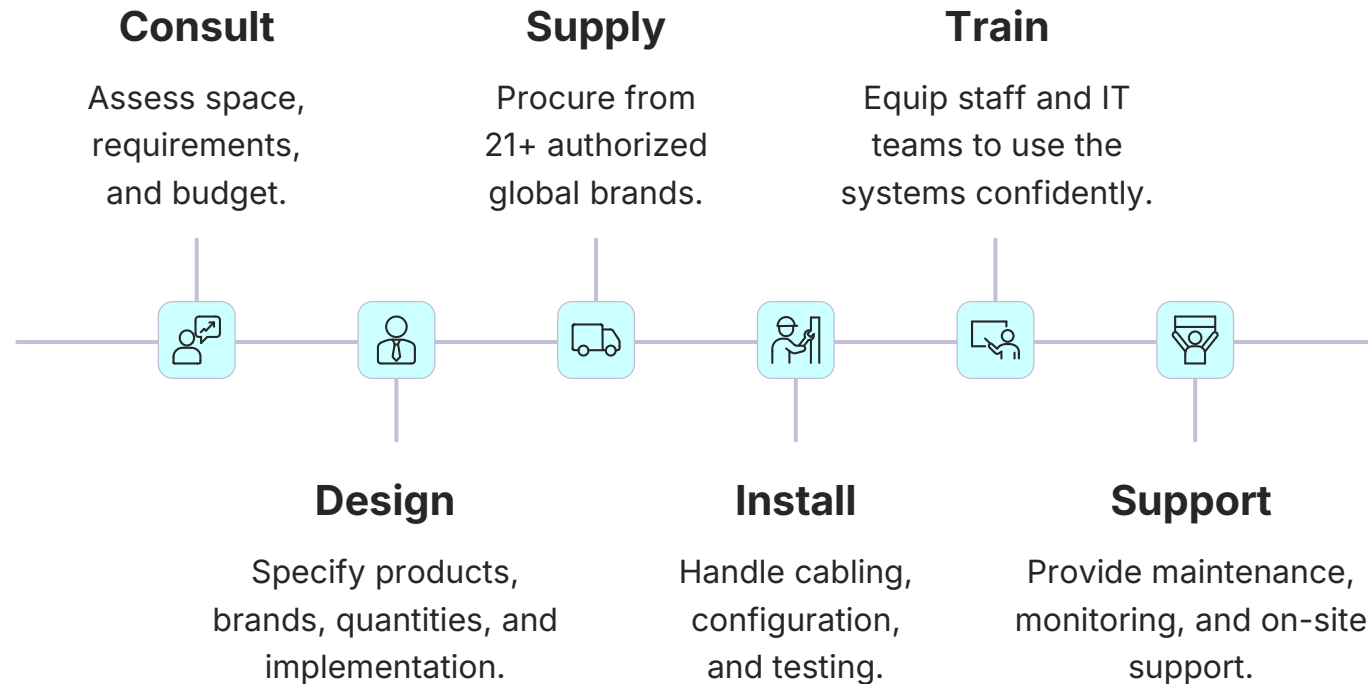

Maintenance & Technical Support

Scheduled maintenance contracts, break-fix support, remote diagnostics, and on-site service across the Kingdom.

Our Delivery Process

Hard Disk provides end-to-end project delivery — not just supply. Every engagement follows a structured process designed to ensure the right solution is delivered on time, installed correctly, and supported long-term.

One partner. One contract. Complete delivery.

Sectors We Serve

Four core sectors where Hard Disk delivers the right technology, brands, and implementation support.

Schools & Universities

Smart classrooms, labs, networks & AV systems for modern learning.

Government Entities

Procurement-ready IT & infrastructure with compliance & documentation.

Corporate Offices

Displays, networks, CCTV, and servers for connected workplaces.

Hotels & Restaurants

Digital signage, CCTV & network solutions tailored for the hospitality sector.

Retail Branches

Multi-branch hardware supply, digital signage, and security for retail chains operating across KSA.

Healthcare

Reliable, secure technology infrastructure for modern medical facilities — IT hardware, networking, surveillance, and display solutions that meet 24/7 operational demands.

Hard Disk for System Integrators

We understand that your project depends on your supply chain. When you are managing complex, multi-site technology rollouts across Saudi Arabia, you need a hardware partner who is reliable, responsive, and aligned with how you work — not just a vendor who sends quotations. Hard Disk is built to be that partner!

What We Offer SI Partners

- **BOM-Ready Quotations:** Share your Bill of Materials and receive a complete, itemized quotation within 24 hours. Every line includes brand, model, specification, quantity, and lead time — ready to drop into your proposal.
- **Competitive Pricing:** We offer structured SI pricing tiers based on volume and project frequency. The more we work together, the better the terms.
- **Guaranteed Brand Authorization:** All supply comes through authorized distributor channels — no grey market, no warranty risk, no compliance exposure for your projects.
- **Flexible Delivery Scheduling:** We align our delivery timelines to your project milestones. Phased delivery, staged dispatch, and site-specific logistics are all available.
- **Full Product Documentation:** Every order comes with official datasheets, compliance certificates, warranty cards, and customs documentation — everything your project and client require.

Brand Partners

Hard Disk works with 21+ of the world's leading technology brands to deliver high-quality, enterprise-grade solutions across Saudi Arabia.

ViewSonic Trusted Partner in KSA

Hard Disk is a trusted partner of ViewSonic in Saudi Arabia — supplying and supporting the full ViewSonic range including interactive displays, monitors, projectors, and OPS devices.

Displays & Visual

ViewSonic · AVA · Epson · INFiLED

Computing

Dell · HP · Lenovo · ASUS · Canon

Networking & Security

Cisco · Huawei · Fortinet · Hikvision

Why Hard Disk

Four differentiators that make Hard Disk a trusted partner for technology projects across Saudi Arabia.

1

One Partner, Complete Delivery

Consultation, procurement, installation, training, and support — all delivered by one accountable team.

2

ViewSonic Authorized Distributor

Certified supply, genuine warranties, and factory-backed technical support across the full ViewSonic range.

3

17+ Years of Project Experience

Deep experience delivering technology projects in Saudi Arabia since 2008.

4

Strong Education Sector Expertise

Hundreds of smart classrooms, computer labs, and campus technology setups delivered across the Kingdom.

GET IN TOUCH

Whether you are planning a smart classroom, upgrading your IT infrastructure, or sourcing hardware for a large-scale integration project — our team is ready to help.
